5068C-U-B PAR-X*
SERVICE TOOL SET

This versatile set contains a well balanced selection of tools with a tool to tackle virtually every job you'll encounter. Sixty-five of the seventy-three tools included in the set are from the Par-X* line and the remainder are from the standard *Snap-on* line. Each of these tools will see everyday service in the mechanical, automotive or maintenance fields. Tools are housed in a sturdy metal tool chest for safe, compact and convenient storage. Having the right tool for job results in faster, easier and more effective service and repair jobs. For contents of the sets included in this large set, refer to the following pages.

5068C-U SET. Tools only, without metal box.
